“Minutes must be kept of all public meetings and must be available to the public upon request not more than five business days after the public meeting. A business day means the hours of 8 am to 5 pm on Monday through Friday, excluding national and state holidays. The minimum content of meeting minutes includes: (1) names of members present; (2) other people participating (it is not necessary to list everyone present, however); (3) a brief summary of subject matter discussed; and (4) any final decisions reached or action taken. There is no legal requirement to accept or approve the minutes. Even if minutes have not yet been approved, they still must be made available not more than five business days after the public meeting. When the five business day deadline is reached before the minutes are approved, they can be made available to the public with a notation that they are a draft version.”

Town Administrator’s Report:
The video company was contacted regarding the sound quality of the meeting videos. Eric Spelinhauer replied back that our microphone was the best that they offer. He made a few adjustments through the software to hopefully help the problem. Chairman Hiland would like to know if a microphone could be placed on the table and connected into the video system.

The Town Hall is rented September 8.

The Assessor has completed his 2018 work and the Selectmen have signed the MS-1 assessment report to be uploaded to the Department of Revenue’s tax rate setting portal.

The Planning Board Secretary has resigned. The Planning Board will have to accept the resignation. Chairman Hiland noted that he, along with the Planning Board Chair, Tara Taylor and a Board member have been conducting the Secretary’s duties in her absence.

Tom Quigley, Claim Lynx, will meet with the Selectmen on September 26 at 5:30 p.m. Chairman Hiland asked the Town Administrator to contact him to see if he needs any further insurance details before the meeting.

The property owners at 2219 NH Route 16 have referred the Town to their lawyer, who is handling their insurance case, regarding the cleanup of their property from the fire in 2016. The Town Administrator has also received a new deed on the property transferring ownership to their mortgage company. Chairman Hiland made a motion to draft a letter to the mortgage company to have them finish the cleanup of the property, give a 60 day timeframe in which to do so, and to authorize the Town Administrator to sign the letter. If there are any issues, the mortgage company may contact the Town. Selectman Ferris seconded the motion and all were in favor.
