Minutes must be kept of all public meetings and must be available to the public upon request not more than five business days after the public meeting. A business day means the hours of 8 am to 5 pm on Monday through Friday, excluding national and state holidays. The minimum content of meeting minutes includes: (1) names of members present; (2) other people participating (it is not necessary to list everyone present, however); (3) a brief summary of subject matter discussed; and (4) any final decisions reached or action taken. There is no legal requirement to accept or approve the minutes. Even if minutes have not yet been approved, they still must be made available not more than five business days after the public meeting. When the five business day deadline is reached before the minutes are approved, they can be made available to the public with a notation that they are a draft version.

Matthew discussed GASB 68, reporting for pensions and the unfunded pension liability by NH Retirement System. There is a 10 year plan in place to fund the liability but the retirement reporting will change. This will also have an effect on Albany’s financial statements.

He said the Town Administrator dots her i’s and crosses her t’s. She sends financial file backups, gives full disclosure in the Tax Collector’s office, our questions are answered and there have never been any concerning issues.

Selectman Rose thanked Matthew and said he did a super job. He wanted to hear how the job was done and what Selectmen should look out for. It was a good opportunity and also for those in attendance today. It’s a good vote of
confidence. The Town Administrator has done a good job. Chairman Robitaille and Selectman Ryan agreed thanking Matthew for coming.

Matthew told the Selectmen to call with any questions.
