Minutes must be kept of all public meetings and must be available to the public upon request not more than five business days after the public meeting. A business day means the hours of 8 am to 5 pm on Monday through Friday, excluding national and state holidays. The minimum content of meeting minutes includes: (1) names of members present; (2) other people participating (it is not necessary to list everyone present, however); (3) a brief summary of subject matter discussed; and (4) any final decisions reached or action taken. There is no legal requirement to accept or approve the minutes. Even if minutes have not yet been approved, they still must be made available not more than five business days after the public meeting. When the five business day deadline is reached before the minutes are approved, they can be made available to the public with a notation that they are a draft version.

#### **Public Comment:**

Steve Knox said it was a good idea to advertise the sealed bid properties and would like the Selectmen to consider advertising them in the Union Leader as well.

Steve Knox was on the Planning Board when conditional approval was given to White Mountain Organic Growers and suggested the Selectmen look into what had been approved. He didn't think she built what she had proposed and it may be worth looking into.

Sara Young-Knox asked if there was any update from the Guppy property. She was on the Selectboard when the property was taken for nonpayment of

taxes and feels the Selectmen should move to sell the property. Selectman Rose asked the Town Administrator how long Mr. Guppy has to repurchase his property. The Town Administrator replied he has the first right to repurchase his property for one more year. Sara Young-Knox said the property could be sold if Mr. Guppy was notified he had the right to repurchase and then did not respond.

At 4:37 p.m., Chairman Robitaille made a motion to adjourn, Selectman Rose seconded the motion and all were in favor.

Respectfully Submitted,

Kathleen Vizard
