Description of Proposed Construction:

Provide Commercial Plot Plan on next page or on back of this form

Is Construction within the Special Flood Hazard Area: _____ If yes, a Certificate of Elevation or Flood proofing must be filed with the building permit application.

The undersigned hereby requests a building permit to be issued on the basis of the representations contained herein. The permit will be void in the event of misrepresentation. The permit is valid for one year from the date of approval.

By signing this application the property owner/contractor acknowledges that s/he understands that New Hampshire has adopted a State building code, which can be found at RSA 155-A:1, IV. The property owner/contractor agrees that this structure will be built in accordance with the State building code. The owner acknowledges the property/construction will be inspected by the Albany Code Enforcement Officer and Albany Fire Chief.

Commercial Plot Plan

Location and detail must be correct, complete and legible. In the blank space below, draw the exact shape of your lot and mark the boundary information. Use back of this page or additional page if needed. Next show all present and proposed buildings in their exact location on the lot and mark the size of these structures. Next show the distances of all existing and proposed buildings from ALL boundary lines. Please indicate scale used.
